

VOLUNTEERS REPORT

5th June 2017

Monday 5th June a chilly but sunny day perfect for Volunteering. One thinks the chilly part scared off a few volunteers. We only had three (3) reporting for duty (myself and two Bobs - Gray and Preston).

Apologies were thin and we were missing our leader Peter Tanner who with wife Sandra was visiting relatives across the ditch.

The trio managed to fill some deep holes near the 4th green and 5th social tee. The mound at rear of the 3rd green was cleared (overgrown with moth vine). The roots will be dug out at a later date.

Large branches on 3rd, 4th and 15th holes were removed using the rope and tractor method. A total of 5 trailer loads were removed from these sites. Near shift's end Bob Gray mentioned his glasses were missing. Apparently they had fallen off his head (unnoticed??) as he wrestled the moth vine into submission. After a brief search the glasses (\$500 worth) were found. As the foundee I asked Bob if there was a reward. He replied "no reward but an award" and the award.... the "Vos Estis Sal Terrae". This week's winner Ken Bellman!

Once again a huge thanks to the Club staff for providing a wonderful sandwich selection.

Pete Tanner is back this week and will be announcing an exciting new volunteer project. Stay tuned.

Yours in volunteering,
Ken Bellman.
